She was an amiable sweet woman and was the comfort of her widowed mother. Though often away from her she never forgot the weekly letter she knew mother was expecting. She was the mother of two sweet children, one who crossed the river before her. The other remains to mourn her loss but to comfort the grandmother in her mother's stead. The husband, too, is sadly bereaved. May the Father of the lonely comfort him as he faces life alone.

ROCKCASTLE COUNTY COURT.

Whereas on the 28th day of August 1911 a petition was filed in the office of the County Court Clerk of Rockcastle County signed by 20 legal qualified voters of the fifth magisterial district of Rockcastle County asking a submission of the question whether cattle or any species thereof shall be permitted to run at large in said fifth magisterial district of said county. It is now ordered by the court that a poll be opened at each of the voting precincts or places of voting in said magisterial district at the general election to be held in said district on the 7th day of November 1911 for the purpose of ascertaining the will of the voters of said district upon the question whether or not cattle or any species thereof shall be permitted to run at large in said district.

She was teaching at Hickory Grove and Friday afternoon she went to Berea, and from there to Winchester the following day where she met Mr. Christie they went to Jeffersonville where they were married late Saturday evening at 9:30. The groom is an upright young man and lives

in Princeton, West Virginia. He holds a good position with the Armour Packing Co., of St. Louis Mo. We wish them much success through life. Madam Rumor says there will be two more real soon, but whether they will get off as easy as these did, we can't tell.

AVERTS AWFUL TRAGEDY.

Timely advice given Mrs. C. Willoughby, of Marengo, Wis. (R. No. 1) prevented a dreadful tragedy and saved two lives. Dr. had said her dreadful cough was "consumption" cough and could do little to help. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and \$1.00 Trial bottle free. Guaranteed by Chas. C. Davis.

PELLAGRA VICTIM NARING THE END

SHELBYVILLE, Ky., Oct. 7. —Attending physicians have abandoned hope of the recovery of John Quire, who has been ill of pellagra at his home in Cropper for several months, and his death is expected at any time. As this is the only case which has occurred in the county, it has excited great interest in the medical profession. Before the man's condition prevented his leaving home he appeared before a meeting of the County Medical Society for examination, and since then nearly all of the local physicians have visited at his home to observe the progress of the case.

Since August the patient has positively declined to take medicine in any form. He is fifty-two years of age prior to his illness was employed as a teamster. He has a wife and eleven children.

TEACHER'S ASSOCIATION

The Teacher's Association of Educational Division No. 1 of Rockcastle County, met at Mt. Vernon Graded School on October 14th with Prof. T. A. Houston presiding as chairman.

There were in attendance about twenty five teachers, besides a number of citizens. After the singing of the opening song, Battle Hymn of the Republic, Rev. Geo. S. Watson conducted the devotional exercises in his usual earnest and impressive manner. Prof. Houston's address, "The County High School," was an urgent appeal to teachers to have such pupils as were finishing eighth grade to take examination for Common School Diploma, and if prepared, to enter High School. The appeal extended to teachers to broaden their mental vision by taking up High School work, rather than keep in the narrow rut by continuing to take reviews. "The Cental County Library" was the subject of Miss Ida May Adams' address. The subject was ably handled and very interesting. Several points of interest were brought out and in the general discussion which followed, changes in the management of the County Library were suggested for the convenience of teachers. At 1:30 the house adjourned for lunch.

The ladies of the Woman's Club served lunch at Langdon Dormitory. The lunch was most delightful, being tastefully prepared and daintily served. All present appreciated the hospitality of Langdon Dormitory and the effort made by the ladies of the Woman's Club for the welfare of the teachers.

At 1:30 the house again convened. Miss Dodson presided at the piano and rendered a most pleasing solo. Then, the subject of Teachers' Relation to School Sanitation and Health was taken up. 1st. Personal cleanliness, by Mrs. Fishback 2nd. Water supply and School Premises, by Miss Frances Forbes 3rd. Contagious Diseases, by Mr. Roy Rader, and general discussion following. In these discussions the importance of cleanliness was commented upon; first, in relation to the health of the individual; second, in relation to the health of his associates; third, in relation to the influence wielded upon the inner man. Some very interesting talks were made regarding water supply, etc., and ways of avoiding spread of contagious diseases. The common drinking cup found no one to advocate its use, so, was forced down and out, as being one of the most potent bearers of disease germs. The subject of Good Roads and Public Schools, in their relation to each other, introduced by E. R. Gentry, was one in which all present were deeply interested. All seemed to thoroughly understand that better roads meant better schools.

The Woman's Club have, at Langdon Dormitory, two gross of one-half pint drinking cups. They desire that the teachers of the county call for enough of these cups to supply the pupils of their schools. If there are children who cannot buy them at two cents each, the Woman's Club will gladly donate cups to such children.

A vote of thanks was tendered the ladies of the Woman's Club for their interest in the Association, and their thoughtfulness in preparing lunch. A vote of thanks was also tendered Prof. T. A. Houston for using every possible means of making the Association a success, and for the programmes which were gotten up at his expense. Mrs. Fishback, Sec

THE presence of Oscar Underwood has given a fresh impetus to the Democratic Campaign. As Chairman of the Committee on Ways and Means, and as a leader in the great fight for tariff reform he has been received by his fellow-Democrats in a manner befitting his station and ability. Mr. Underwood has not come to this State to interfere in our home affairs, or to tell us how to conduct our government, or what policies are the wisest to pursue. He very properly leaves these vexed questions to the Candidates, who if elected, will be able to carry out the reforms promised by their platforms.

WHEREVER Ollie James has spoken he has created the greatest enthusiasm, and the crowds that have come to hear him have been numbered by the thousands. His arrangement of the Republican party and its President for their failure to live up to their platform pledges, has been received with the greatest favor. The people are eager to hear the fullest discussion of national questions, and Mr. James has covered the ground in a most eloquent and convincing way.

Nothing is surer than that the next Legislature of Kentucky will be Democratic, and that Ollie James will serve the six years' term in the United States Senate.

HON. JAMES GARNETT is proving a tower of strength to the party, not only in the Eastern District, where his following among both Democrats and Republicans is very large, but in every other section of the State. He is recognized as a man of high character, ability, and a man of the highest personal integrity. The office he seeks is one of the most important in the State, and the Democrats are fortunate to have as their candidate a man of Jim Garnett's standing and talents.

THE announcement of the death of Justice John M. Harlan, was received with much regret by all Kentuckians, who were always proud to own and do homage to this greatest of men, who stood the equal, if not the peer of any man of his country, as a Jurist.

Since the last term of the Whitley Circuit Court there have been on less than fifteen homicides in this county. They are becoming more numerous. Who is to blame for the situation? Let us see. Tom Neal was put on trial here Friday for the murder of his aunt, an invalid woman of over 70 years. Three of his own children were put on the stand and they detailed one of the most brutal and horrible murders that was ever listened to in the Whitley County courthouse. These witnesses were corroborated by other witnesses. It would be impossible to conceive a more heinous crime than this one. No defense was offered whatever. When the prosecution closed its case, the defense closed without any proof. Everybody who heard the proof thought the jurors would be out only a few minutes before they reached a death verdict. They were out only a few minutes, but they only gave him a life sentence. It does not mean much these days to send a man to the penitentiary for life as they usually get out after a few years, especially if they have money. There have been two or three men paroled from the penitentiary within the last two or three years who were sent from Whitley for murder and they shot some one else soon after they were released. With these conditions, criminals do not care much for going to the penitentiary. Conditions will never be any better in Whitley or murders any less frequent until juries go to doing their duty. In this case the attorneys for the State brought out the proof, made out the case and urged the jury to do its full duty. The court did its duty and saw that the defendant had a fair trial but the jury, as usual, flunked. In Whitley county the jury system is a failure and a farce.

Williamburg Republican
Rockcastle jurors are you free from such a criticism?

COUNTRY VERSUS TOWN.

"Miss Katharine Hobart Hare is wearing a frock of embroidered white chiffon through which gleams an underdress of pale blue satin."—Philadelphia Public Ledger.

"Mr. John Brown is painting his barn."—Typical item in the country correspondence column of a county weekly.

There is nothing so deliciously comic to the metropolitan as the news items in the country columns of the country papers. But the country editor knows what he's about and he prints as news to his readers.

The painting of a barn, which is in a measure a public improvement, since every well-kept farm in a community is an advantage to that community, is news in the country. The country editor, often as well educated and well informed as the average city newspaper man and rarely an ignoramus, is perhaps a little more interested in the improvement of real estate in his county than the publisher of the Philadelphia Public Ledger could be in the color of material of a gown worn by Miss Hare. But the publisher of the Public Ledger gets into his columns what is news to his readers, filling the various columns satisfactorily to various classes of readers. Neither the editor of the country weekly nor the publisher of the city daily lacks the sense of news values or a sense of humor. Readers in the country are interested to know that Mr. Brown's barn, which is seen by persons who drive along a certain country road, is being painted and will improve the appearance of the farm. Some readers in a great and progressive city are interested in knowing whether Miss Hare's frock is made of chiffon and what gleams through it although a majority of those readers never saw Miss Hare and never expect to see the frock. Is the country idea of what is news less creditable to intelligence and mental balance than the city idea?

Listen don't be mistaken and think that I intend to have a public sale. I am only advertising to sell privately and will not sell publicly. Call any time you want to buy and I will sell you just what you want on easy terms.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by Chas. C. Davis.

FARM FOR SALE—250 acres more or less, situated in Boyle county nine miles South West of Danville Ky. A splendid farm for corn, oats or blue grass. Lies on the pike from Junction City to Lebanon and is in a stone throw of the L. & N. R. R. As I shall be away I refer anyone to A. T. Haggard, of Brothead, Ky. The farm will be sold at a sacrifice. Title perfectly good. W. T. EVANS, Oct. 6th, Brothead, Ky.

I have many important ideas but when I attempt to put them down on paper I find I am unable to do so. I am unable to put down on paper the things I have in mind. People are so impatient about interrupting.

When a farmer gets out of bed from a cold he is in a state of less sleep, and from drinking too much coffee.

Biliousness is due to a disordered condition of the stomach. Chamberlain's Tablets are essentially a stomach medicine, intended especially to act on that organ; to cleanse it, strengthen it, tone and invigorate it, to regulate the liver and to banish biliousness positively and effectually. For sale by Chas. C. Davis.

A COMEDY IN TWO ACTS

By RACHEL E. BAKER

AT GRADED SCHOOL BUILDING

Wednesday Evening, October 25, 1911

TIME—An autumn day.

SCENE—Home of Miss Rebecca Lake, a maiden Lady with a predilection for cats.

CHARACTERS

MISS BECKY LUCK, who is expecting an architect with plans for converting her home into a hospital for "distressed cats," and desires to keep his visit a secret from Kitty and Phillip.

MISS NOLA JONES

MISS KATHERINE, otherwise known as "Kitty," Miss Becky's niece, who takes advantage of her cousin's impression that "Mr. Bob" is a man, to play a "good joke" on him.

MISS ANNE TATE

MISS MARIAN BRYANT, alias "Mr. Bob," who assists Kitty in playing a joke on Phillip.

MISS MARGARET LOVELL

PATTY (the maid) interested in "Dramatic Art" and "Mr. Shakespeare," and pining for a "Romeo"

MISS VIRGINIA DAVIS

MR. PHILLIP ROYSON, Miss Becky's nephew, who thinks "Mr. Bob" is a man, and who is interested in yacht racing.

E. B. THOMPSON

MR. BROWN, clerk for Benson & Benson, attorneys for Miss Becky, who "came down" with important papers, and who is mistaken by Miss Becky for the architect with the plans for her cat hospital; by Phillip for "Mr. Bob," by Kitty for Mr. Saunders, a college chum of Phillip's, and who thinks he has fallen among lunatics.

C. D. SUTTON

JENKINS (the butler) of noble blood, interested in Patty.

FLOYD MILLER

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink. The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a hollow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of proven composition and with a record of 30 years of service. Accept no substitute—there is nothing "just as good." Ask your neighbors.

NOTICE—Last year election officers who have seals or keys in their possession, are requested to please forward same to, S. F. BOWMAN, County Clerk, Mt. Vernon, Ky.

Read the program of the play entitled, Mr. Bob, to be given at the Graded School building next Wednesday evening at 7:30 p. m. The proceeds go for the benefit of the Christian Church.

A. C. Hian has bought the entire interest of T. N. Noe in the stock of goods, on West Main. C. H. Mullins a son-in-law, of Mr. Hian will run the business and a splendid man he is for the place.

Our good friend Dr. E. J. Brown was the man who named Quail post-office, instead of W. G. Proctor its first postmaster. The Dr. was a noted quailist in that locality just after the war when birds were plentiful and ammunition "scarce."

Mt. Vernon of 1000 inhabitants has 41 square feet of sidewalk to each citizen. Is there another town in the State that can equal it? But for the unfortunate delay in the work, caused by injunction suits last Spring, the average square feet to each inhabitant, this fall, would have been 52 feet.

W. J. Sparks is putting in water-works at his residence. Water will be pumped from a concrete pool at "buckeye" spring just North of railroad to a large elevated tank near his house. Water will probably be furnished the two schools and some private dwellings through pipes by gravitation from the tank.

In our previous issues we overlooked the marriage of Miss Roxie Thompson and Mr. Lloyd Livesey by Rev. D. B. Langford. Mrs. Livesey is the oldest daughter of Mr. and Mrs. Wm. Thompson near town and Mr. Livesey is the only son of Mr. and Mrs. W. D. Livesey and a prominent young farmer. The SIGNAL joins with their many friends in wishing them much happiness.

James Kennedy, of Lincoln county died in Frankfort, last week, after a surgical operation. Kennedy and his brother, Will, were inmates of State prison. The remains were brought back to his father's G. C. Kennedy's home. This unfortunate family has had four members who have been inmates of the Frankfort bastille including the father, G. C. Kennedy, who killed his uncle E. B. Keunedy in Lancaster in 1877 and was convicted in a Rockcastle court.

MR. BOB.

A comedy in two acts, to be given Wednesday, October 25th, 1911 at the Mt. Vernon Graded School. Admission 25 and 35 cents. Tickets on sale at C. C. Davis' drug store, Incidental music furnished by Mrs. Annie E. Miller and Miss Leila Mae Lovell. Receipts to be used in assisting in paying for the new pews recently installed in the Christian Church of Mt. Vernon. Everybody come and enjoy this bright and laughable play and contribute to this good cause.

The wave of hoodlums that has been on here for past few months will likely be checked when it is known the people and officers won't stand for it. It is claimed by some that this condition of affairs would not have arisen had not the board of trustees of the town had their hands tied by the injunctions served on them last Spring and were unable thereby to enforce their ordinances or make any improvements on account of lack of funds, and that owing to this a certain element got the fool notion into their heads that they could do the hoodlum act, especially at night firing pistols and carousing.

It pays to advertise if you advertise right, and that is in your home paper. A merchant in a certain city used to write his advertisements on a piece of paste-board and hang it in his store window. One of his ads. read: Last year we had the best vinegar in town, and we still have it yet.

For the benefit of the voters in the 5th Magisterial district composed of Brown and Brodhead voting precincts, we copy that section of the Kentucky statute relating to cattle, so that those voters may know that when they have voted a stock law for "cattle" or any species thereof, they have voted a law which prohibits any kind of stock from running at large. Section No. 456 of the Kentucky Statutes reads as follows: 456. "CATTLE AND COW" "Cattle" includes horse, mule, ass, sheep, hog or goat, of any age or sex, bull, cow, calf, and ox; Cow includes heifer.

Some three dozen of our citizens were summoned before Judge Bethurum at Court House Monday afternoon for the purpose of gaining information against and for prosecution of persons who have been breaking the peace or guilty of infractions of the laws of our land. The inquiry was aimed more especially toward night pistol shooting around town and drunkenness investigation was conducted by Judges Bethurum, Griffin and Lewis and Attorney Conn Brown. Sufficient information was gained on which there will be warrants issued for some half dozen persons. The investigation will be continued under police Judge Griffin as Judge Bethurum will necessarily be away in his canvas. The jailer and Sheriff say they will give their assistance and put forth efforts to bring guilty parties to justice and if necessary a dozen or two deputies will be sworn in to aid in bringing in lawbreakers.

James Proctor, aged 24 years, a son of Mr. and Mrs. Zack Proctor, died Tuesday after an illness of several months of consumption. He had been on the decline for more than two years and had done everything within his power to regain his health. The deceased had for several years been an employee of the Railroad company, and when his health began to fail went West and worked for a considerable length of time thinking perhaps the change would do him good, but all of no avail, and a few months since realizing that his days were numbered, returned to his home near Wildie, to spend his remaining days with his family and loved ones. We have never known a more upright young man than he, and the untimely death of one whose future was so bright, makes it only the harder for his family and friends. The burial took place yesterday at the family burying ground near Buckeye, with Masonic honors of which he had been an honored member for years.

On last Thursday afternoon at the home of Mrs. C. C. Williams a fancy work club to be known as the Lifting Club, was organized with nineteen members. The club will meet weekly. During the afternoon delightful refreshments were served by the hostess assisted by her daughter Mrs. James West of Louisville.

The object of the citizens meeting at the court house Wednesday night was for the purpose of getting the people together and reasoning the matter over in regard to the unfortunate situation our town affairs has been placed in and to make an effort to meet on a middle ground and agree upon a good selection of candidates for a board of trustees. None of the proposed candidates, who announced last week, showed up at the meeting. Two tickets will therefore be placed on ballot and may the best fitted men win.

Mt. Vernon's population increased 120 per cent between 1900 and 1910. Buildings and enterprises kept pace at an almost equal per cent. Improvements in way of concrete sidewalks run up to more than 1000 per cent. church affairs a large per cent. streets, culverts and roads 600 per cent. and great progress was made in all lines. Our people want a continuation of such progress and to do so it is necessary for all to try to stand together, pull and push the good work; no to hold back and hinder by a "do nothing" policy. We have a good town and the hustlers should be at the helm and see that it continues to grow in improvements and to allow no backward step.

The Farmers Institute was held here last Friday and Saturday and so far as our farmers are concerned had just as well not been held, for there were only a few of them present. Mr. Kirkpatrick the conductor said he had never seen so little interest manifested and expressed himself as being absolutely disgusted. The attendance at each session averaged about 20 or 25. The boys corn growing contest seems to have brought about as little interest and although the county and business men of Mt. Vernon had offered \$103.50 in prizes for the best corn produced yet there were only two boys John Lair, a son of T. B. Lair, and Eben Thompson, son of W. N. Thompson who were the only exhibitors and carried away every prize. Shame on the young boys of the county who have no more energy or get up. No wonder we are paupers and the indications so favorable for us to continue as such. Since all the premiums have not been awarded we will not publish list until next week when we hope to be able to give a full report.

There was a goodly number assembled at the Court house Wednesday evening to discuss the town situation. Dr. Davis called the meeting to order and explained the object. Prof. T. A. Houson was then elected chairman and E. S. Albright secretary. Dr. Davis, Atty. C. C. Williams, J. Fish, Wm. Poynter, Rev. Geo. S. Watson, S. T. Proctor, R. B. Mullins, W. T. Davis, M. L. Richards, C. D. Sutton and Paris Snyder made short talks on the past and future of Mt. Vernon. The question of a board of trustees was then discussed and on motion, which carried unanimously, Messrs. W. J. Sparks, W. M. Poynter, S. T. Proctor, W. T. Davis and Dr. R. W. Dyche were named as suitable men and a committee appointed to ascertain if the gentlemen would make the race. All of the gentlemen named except Mr. Sparks, who was out of town, were present and consented to be candidates and so far as we have been able to learn. Mr. Sparks will also accept a place on the ticket, yet that is not assured, as he is now in Ohio and will not return for a day or two.

The regular meeting of the Womans Club will be Friday evening at the home of Mrs. E. S. Albright. As business of importance is to be transacted all members are requested to be present. Hilton Adams, aged 17 years, the youngest child of Mr. and Mrs. Rome Adams, died yesterday morning, just as the clock struck seven, of a complication of diseases which has been a puzzle to the best medical profession. Although taken sick in August, yet his appearance showed that he was anything but a well boy many months before that, and no doubt kept to himself many an ache and pain, which he suffered in the meantime. "Dingbat," as he was affectionately called, was exceedingly popular with the younger set and had many friends among the older class. The deceased leaves one sister, Mrs. C. H. White, and a brother, Casper Adams, of Harrisburg, Ill., and a father and mother who are crushed because of the loss of their only child at home to comfort them in their declining years. The burial will take place this morning at Freedom burial ground, beside his little sister who preceded him many years to the grave.

TOBACCO CROP IS SHORT. The Cincinnati Enquirer says the 1911 tobacco crop of the United States, while large as compared with the average crops of former years, will be nearly 20 per cent short of the crop of 1910, and both the acreage and the yield will be considerably less than was predicted early in the season. Report of the Enquirer correspondents in the various counties of Kentucky, Ohio and Indiana and all the important producing centers indicate a total harvested area of tobacco in the United States of 877,639 acres. As contrasted with the large planting of 1910, this is a decrease of 272,209 acres, or slightly more than 23 per cent. Notwithstanding this large decrease in the acreage total apparent yield in the United States in 1911 approximates 742,060,500 pounds. The 1910 yield was estimated at 930,778,685 pounds, and this would make a decrease in the crop of this year amounting to 188,718,145 pounds, or about 20 per cent. The difference in the ratio of decrease between the acreage and the production is accounted for by the fact that in many sections, particularly throughout the barley belt, the crop, being composed largely of a coarse, heavy leaf, will weigh out heavier, than last year.

Dr. J. Harry Hendren

OF BELL COUNTY

Independent Republican Candidate
For

STATE SENATOR

ON THE COUNTY UNIT PLATFORM

Against JOE BOSWORTH, of Middlesboro

To the Democrats and Republicans of the
17th Senatorial District

Both Republican and Democratic platforms, adopted this year, indorse the County Unit Bill. Joe F. Bosworth, pretended Republican nominee for State Senator (counties of Jackson, Rockcastle, Pulaski, Laurel, Whitley, Knox and Bell) is an avowed opponent of the County Unit Bill, and it is a well-known fact that, during his services in the Legislature as Senator from this district, he did at all times cast his vote and use his influence to prevent the passage of the County Unit Bill.

DR. J. HARRY HENDREN, of Bell County, who is an Independent Republican candidate in this district for State Senator against Bosworth, has always been a temperance and a temperate man.

Certainly, no Democrat or Republican can afford to vote for Bosworth when both party platforms indorse things for which he does not stand and for which he is unalterably opposed. We are appealing to all citizens, regardless of party affiliations, to help us rid this district of this whisky tool, who tells you that he should be sent back to the Senate because of his great Good Roads record, but he fails to tell you, at the same time, why, after he was elected on the Temperance ticket, he suddenly became opposed to the County Unit Bill, when he got to Frankfort, and did all in his power to defeat it.

Surely a man who misrepresents his constituents, as did Bosworth, does not deserve the support of the good people of the 17th District; we say NO!

You can vote under the LOG CABIN, or under the ROOSTER, and vote under Dr. Hendren's picture and you have voted for every man on the Republican ticket except Bosworth, or everyone on the Democratic ticket and against Bosworth, as there is no Democratic candidate against him.

Yours very respectfully,

HENDREN CAMPAIGN COMMITTEE.

RESOLUTION

ADOPTED BY THE WOMAN'S CHRISTIAN
TEMPERANCE UNION

At a meeting of the Woman's Christian Temperance Union held in Pineville, Kentucky, September 6th, 1911 the following resolutions were offered and unanimously adopted:

Whereas, Dr. J. Harry Hendren of this county has announced himself Independent Republican candidate for the State Senate in the Seventeenth Senatorial District of Kentucky, composed of the counties of Knox, Whitley, Laurel, Rockcastle, Pulaski, Jackson and Bell, against Joe F. Bosworth, Republican nominee.

And Whereas Dr. Hendren's record in private and public life on the whisky question has always been right.

And Whereas, it is a well known fact that Mr. Bosworth is a tool of the liquor ring of Kentucky and is thereby an enemy of the good women and the temperance cause of this Senatorial District.

And Whereas, it is a well known fact that at the meeting of the last legislature, Mr. Bosworth did by his vote help send the County Unit Bill to a whiskey committee of which he was a member; and which committee did not report the bill to the Senate for passage.

And Whereas, at the last local option election held in Middlesboro Kentucky, Bosworth worked for and did all in his power to retain the saloons there.

Now Therefore he it resolved, first that Bosworth's acts and deeds do not, in our estimation, make him a fit representative of the good people of this district.

Second that we commend Dr. Hendren to the decent, law abiding people, irrespective of party of this district, as a man well fitted to represent this district in the State Senate, and one who will not misrepresent his constituency and who will vote for the County Unit Bill, first, last, and all the time.

Third, that we earnestly ask both the Democrats, Republicans and people of all political parties of this district to join with us and help rid this district of this

deplorable liquor tool.

Fourth, that a copy of this resolution be sent to all of the Woman's Christian Temperance Unions in this district and then special and solicited in the fight for temperance.

Fifth, that a copy of these resolutions be printed in all the papers throughout this Senatorial District.

TO THE DEMOCRATS OF THE SEVENTEENTH SENATORIAL DISTRICT.

The Evening Post believes the Republicans have nominated in the Seventeenth Senatorial district, large, Republican, a candidate who ought not to be elected. Mr. Bosworth's opposition to the county unit law disqualifies him for service in the Senate at this time.

We have set forth heretofore the objections to Mr. Bosworth's candidacy, the objections to his political affiliations in the Democratic party, and that the praise for efficiency has come to him from the Louisville Times, a newspaper that praises no one, Democrat or Republican, who has followed an unselfish, patriotic course.

The Democrats have not named any candidates, but there is an independent candidate, Mr. Hendren, and he ought to have the vote of independent men, Republican or Democrat. Mr. Hendren is qualified for the service and moreover his position is so clearly known that no one can make a mistake about what he would do if he were at Frankfort.

He has no entangling alliance in either party. By character and by prevailing conditions he is especially fitted for service in the senate this time, and we urge independent voters of the Seventeenth district to make his election certain.—Evening Post.

DEAFNESS CANNOT BE CURED.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE CARDUI The Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.
